Description

A well proportioned Grandmother clock, with twin chimes . It has a traditional shaped arch top hood, with side pillars, a long burr walnut faux door panel and an inset panel base, with shaped plinth. The brass and silvered dial has an engraved centre and a strike silent lever. It has an 8 day lever platform movement, and can be changed to chime either Westminster (Big Ben) or Whittington chimes made by Elliott. The movement has a night silence that automatically silences the clock from 11pm-7am.
