

Golden Oak Sychronome Wall Clock

Sold

REF: 376278

Depth: 6.5 cm (2.6")

Diameter: 26 cm (10.2")

Description

A very good quality Synchronome electric wall clock dating to around 1910. It has a solid oak case , a cast brass bezel and a very thick bevel edge glass. The silvered dial is engraved with numerals and lettering. Originally this clock would have been one of many driven from a master clock in a large building such as a bank.
